The Grand Slam Therapeutic Softball Camp is designed for children with intellectual and developmental disabilities who would like to become more physically active or experience team play. It will be led by high school softball players and volunteers in association with Memorial Ashford Girls Softball Association (MAGSA). The goal of the camp is to introduce softball to a new audience and give special needs children an opportunity for exercise and socialization.

The MAGSA softball fields are located at 12975 Westhill Lane, Houston, TX 77077.

All campers must be accompanied by a parent or guardian (no drop-offs). A waiver will be required.

Registrations will be accepted the first day of camp but we recommend you register early since space is limited.
